- English (Fair)

PROFILE

Computer Science student with a interest in Front-End Development and UX/UI Design. Skilled in creating user-friendly and visually appealing interfaces, with project experience in web applications and game design. Highly motivated to continuously learn and adapt to new tools and technologies, with a passion for crafting intuitive digital experiences

EDUCATION

Bachelor Of Science In Computer Science
Bangkok University
GPA: 3.40

Excepted in
2026-05

WORK EXPERIENCE

Echoes of Abyss

2024 - PRESENT

- Created character art, environment backgrounds, and visual assets, achieving a cohesive dark fantasy aesthetic.
- Designed narrative flow and structured level design.
- Composed in-game music, integrated sound design, and developed character concepts to enrich immersion and storytelling.

Gacha Simulator

2024

- Collaborated with a team of 3 to develop a luck-based gacha system featuring card buffs, debuffs, attack, and defense mechanics.
- Integrated random event and boss encounter logic, enhancing replayability and player engagement.

Lunar Cafe

2023 - 2024

- Designed and implemented user-friendly interfaces for core modules (Inventory, Board Game Rental, Beverage Menu, and Sales Report).
- Developed relational database schema with SQL and created Level 0 Data Flow Diagrams, ensuring accurate data flow and reliable transaction management.
- Optimized customer booking and order system, enabling online reservations and drink sales.
